## This telescoping flagpole features easy installation and low maintenance.

- Made in the USA
- Includes: Telescoping flagpole, hardware to hang two flags, gold ball topper, ground sleeve, 3' x 5' American flag (20' flagpole comes with 4' x 6' American flag), and installation instructions
- Patented interlocking sleeve mechanism makes it easy to extend and retract pole
- Durable, aircraft grade 12 gauge aluminum rated for winds up to 75 mph for the 15' pole and 95 mph for the 20' pole
- Swivel ring clips allow flags to fly "freely" 360 degrees around the pole, preventing flag from wrapping or tangling
- Pole comes pre-assembled and ready to extend
- Lifetime manufacturer's warranty
